Boxster S with exterior package painted, headlight cleaning system covers painted, wheels painted in black (partially) and seat belts in Guards Red

Philosophy

Porsche Exclusive.
100% Porsche. 100% you.

For over 25 years, our formula for success has been passion for detail, and above all, devotion. It's what motivates Porsche Exclusive to craft something extraordinary again and again. It's how original and unique cars continue to be made available direct from the factory so that new dreams come true time after time.

How do we do it? With originality, inspiration and enthusiasm, beginning as early as the consultation stage. By focusing on what is most important: your particular wishes and requirements. With composed attention to detail that translates into precise craftsmanship, and using high-quality materials such as leather, Alcantara, carbon, wood or aluminium.

Your added value? A product of devotion and craftsmanship. Or, in other words,

a combination of sportiness, comfort, design, tradition and your own personal taste. A Porsche like no other. Yours.

We offer a wide range of personalisation options so that you can make further refinements to your Porsche. With visual and technical enhancements for the interior and exterior, from a single alteration to extensive modifications, you can make it even more individual than it was before.

We also have a wealth of experience. Since the very beginning, we have been dedicated to giving customers the opportunity to personalise their vehicle as part of our special request service. Originally called the Porsche 'Sonderwunschprogramm', this was subsequently renamed Porsche Exclusive in 1986. The philosophy remained the same.

Material composition: leather, carbon, aluminium and Alcantara

Exclusive examples

**Sometimes, it's the hundredth of a second that counts.
Sometimes, it's the hundredth of a millimetre.**

Porsche Exclusive represents the utmost in individual styling. The design options are varied, the precision high, and the exclusivity lies in the programme itself.

At your request, we can make your vehicle even sportier, even more comfortable and even more individual. We aim to create something truly special and, to be successful, perhaps the most important factor is that we take our time. It is only by taking the utmost care during the consultancy and planning phases and in the selection and crafting of materials that it is possible to design a car that has never been seen before. A car that is tailor-made the way you envisaged, with a harmonious overall concept down to the finest detail and its own unique character that reflects your particular lifestyle.

For your inspiration, the following pages feature four customisation examples from Porsche Exclusive.

Would you like an interior finished in high-quality leather with selected details painted in the exterior colour of your car? How about a PDK gear selector in aluminium or painted wheels? You tell us what you want and we will do our utmost to give it to you – provided, of course, that it is technically feasible and does not compromise quality.

You can find out all about designing your Porsche on page 50. You can also refer to page 51 or visit www.porsche.com to discover more about the world of Porsche.

Boxster S with sports chassis (-20 mm), smoked taillights, exterior package painted in black, model designation on doors in black and wheels painted in black (partially)

Boxster S

Riviera Blue

The best attitude towards life is always your own.

The Boxster is designed for real life – something for which there is no app. And just like real life, it never stops. Which explains why it has continued to evolve over the years, meaning that the Boxster is now more independent than ever before. A true individualist. And who better to understand this than another individualist – you.

A great example of this is the Boxster S in Riviera Blue. Its exterior colour instantly reveals that it is continuing this journey – and yours too of course.

Its extravagant, sporty appearance is complemented by the SportDesign package, rear side air intake grilles painted in black and exterior mirror lower trims painted in black, which creates a perfect, dynamic appearance.

As does the sports chassis, which brings the car closer to the ground by 20 mm. And if this is not enough, you can also provide your Boxster with 20-inch Carrera S wheels painted in black, adjacent to a clear statement: the model designation painted in black on its Riviera Blue doors.

- 1 Sports chassis (–20 mm), SportDesign package, rear side air intake grilles painted in black, exterior mirror lower trims painted in black, headlight cleaning system covers painted in black, model designation on doors in black, wheels painted in black (partially)
- 2 Sports chassis (–20 mm), SportDesign package, exterior mirror lower trims painted in black, sports tailpipe, model designation on doors in black, wheels painted in black (partially)
- 3 Interior package in brushed aluminium, centre console trim in brushed aluminium, PCM package in leather, air vent slats in leather, instrument surround in leather, rear-view mirror in leather, storage compartment lid with model logo

Visit www.porsche.com/exclusive to find out everything you need to know about configuring a unique vehicle.

And what about the interior? This is dominated by the same colour combination. The Sports bucket seats are black and the seat centres are Riviera Blue, creating an extravagant, sporty effect. And of course you have even more personalisation options. How about additional black leather accents, such as the PCM package in leather for example? The rear-view mirror, air vent slats and instrument surround in leather also reveal the hidden creative potential of your Boxster S.

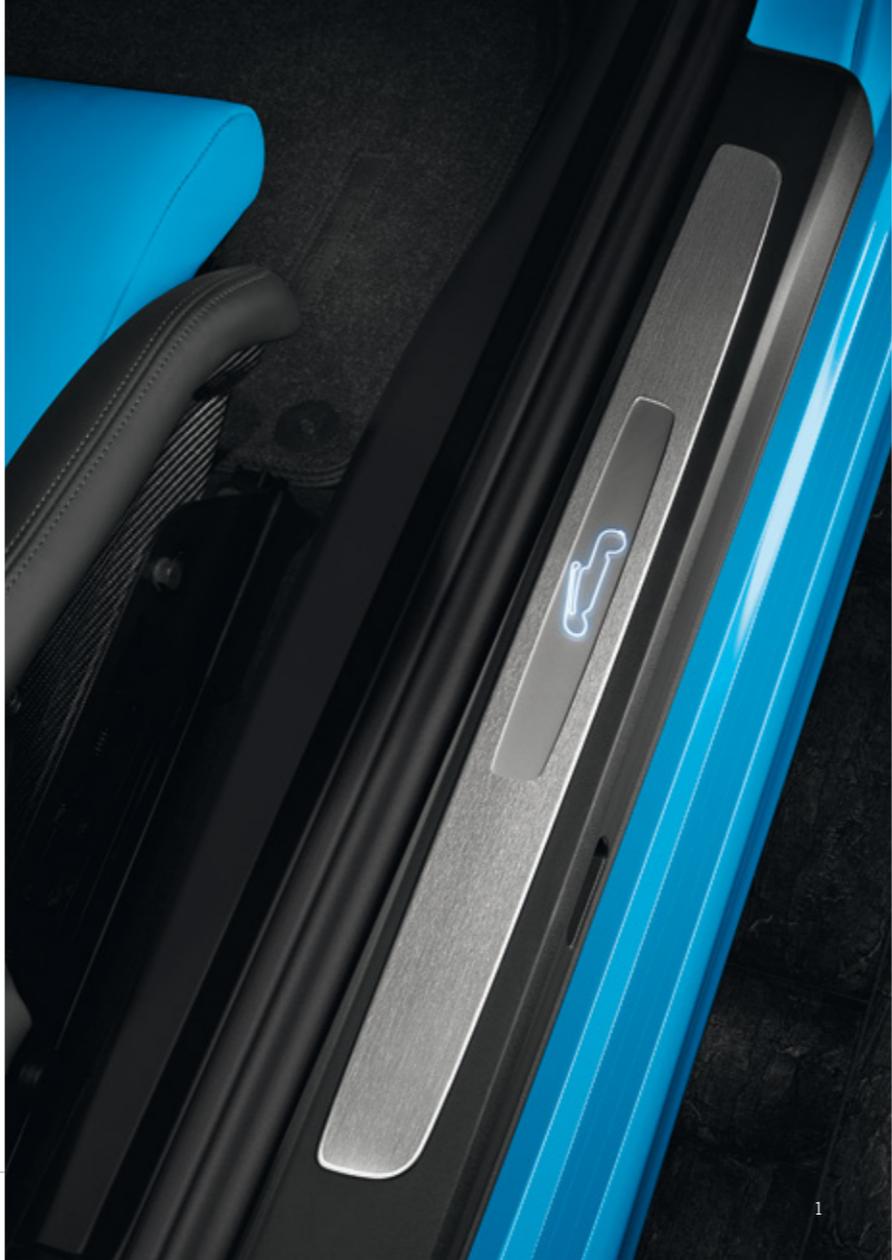

The seat belts in Silver Grey and pedals and footrest in aluminium cleverly provide contrast. They stand out just as clearly

from the dark interior as the interior package in brushed aluminium and the personalised, illuminated door sill guards in stainless steel.

You can add all sorts of details to your Boxster S in Riviera Blue. Because it's precisely these refinements which place this sports car where it belongs: in the lead.

- 1 Personalised door sill guards in stainless steel, illuminated
- 2 Pedals and footrest in aluminium
- 3 Porsche Crest embossed on headrests, seat belts in Silver Grey
- 4 Sports chassis (-20 mm), SportDesign package, rear side air intake grilles painted in black, exterior mirror lower trims painted in black, model designation on doors in black, wheels painted in black (partially)

Visit www.porsche.com/exclusive to discover everything you need to know about configuring a unique vehicle.

Boxster S

Racing Yellow

Wouldn't you agree the yellow jersey fits this sports car like a glove?

You could call this conceptual harmony. Or simply extremely consistent. Or both: the interior of the new Boxster models lives up to their exterior promise. Light-weight, streamlined and smooth – here too, everything has been designed with one thing in mind: the urge to forge ahead. The strength, the lines, the look, the overall design – everything points towards your destination. Creating an even more powerful and considerably more individual impression.

The Boxster S affords you ample opportunity for customisation. How about a sports chassis with ride height lowered by 20 mm, for example?

Its sporting character emphasises the Racing Yellow exterior, whilst the smoked taillights and exterior package painted in black provide a stylish contrast.

At your request, we can even paint the headlight cleaning system covers, or selected interior details. Or we could position your vehicle's model designation on the doors. And so that everything meets your complete satisfaction, we can equip your Boxster S in Racing Yellow with 20-inch Carrera S wheels painted in black (partially), if you so desire.

- 1 Sports chassis (–20 mm), exterior package painted in black, headlight cleaning system covers painted in black
- 2 Model designation on doors in black, wheels painted in black (complete)
- 3 Interior package in leather, SportDesign steering wheel in Alcantara, gear lever in Alcantara, PCM package painted, centre console trim painted, air vent slats painted, instrument cluster dials in Racing Yellow, Sport Chrono stopwatch instrument dial in Racing Yellow

Visit www.porsche.com/exclusive to discover everything you need to know about configuring a unique vehicle.

The over-riding theme for the interior design is the freedom to express individual ideas. Your ideas.

Of course, the exterior design continues through to the interior, with the air vents, PCM package and centre console trim painted in the exterior colour, while the seat belts, the Sport Chrono stopwatch instrument dial and the instrument cluster are picked out in Racing Yellow.

We also offer utmost flexibility when it comes to individual styling direct from the factory: the SportDesign steering

wheel and gear lever in Alcantara, and door sill guards in stainless steel, illuminated.

And because you always do things differently from everyone else, even your vehicle key can be painted in the exterior colour of your car. The Boxster S in Racing Yellow from Porsche Exclusive is the ultimate exception to the rule. Just like you.

But that's enough of the theory: just sit back in the leather seats with the Porsche Crest embossed on the headrests, open the hood, and enjoy the sunshine.

- 1 Porsche Crest embossed on headrests, seat belts in Racing Yellow
- 2 Door sill guards in stainless steel, illuminated, personalised floor mats with leather edging
- 3 Smoked taillights
- 4 Sports chassis (-20 mm), exterior package painted in black, smoked taillights, sports tailpipes, model designation on doors in black, wheels painted in black (partially)

Visit www.porsche.com/exclusive to discover everything you need to know about configuring a unique vehicle.

Boxster S

Guards Red

**A symbol of freedom.
Including the design.**

What does the Boxster S in Guards Red stand for? The excitement of driving, of course. And a clear commitment to freedom. The freedom that you too can enjoy when you personalise your vehicle. With a sporty, perfectly coordinated exterior and interior design.

The Boxster S in Guards Red expresses its creative flair through numerous details. One example is the painted exterior package, where the painted rear side air intake grilles, rear apron and exterior mirror lower trims lend an even more sporting character. These options can of course also be ordered

individually. A further notable detail: the headlight cleaning system covers painted in the exterior colour of your car.

The 20-inch SportTechno wheels are extremely eye-catching. Their dynamic five-spoke design, together with the sports tailpipes, create a powerful impression.

And sport is also the prevailing theme inside the Boxster S in Guards Red. Discover more about this on the next page.

1 Exterior package painted, sports tailpipe, 20-inch SportTechno wheels

2 20-inch SportTechno wheel

3 Interior package in carbon, SportDesign steering wheel in Alcantara, PDK gear selector in Alcantara, instrument cluster dials in Guards Red, Sport Chrono stopwatch instrument dial in Guards Red, storage compartment lid with model logo, seat belt buckles in leather

Visit www.porsche.com/exclusive to discover everything you need to know about configuring a unique vehicle.

The extreme internal sportiness of the Boxster S in Guards Red is mainly achieved by the use of two materials: carbon and Alcantara. Carbon is used on the centre console trim and on the decorative trims of the dashboard and door trims, thereby ensuring the 'wow' factor is achieved. The SportDesign steering wheel and PDK gear selector are finished in Alcantara. This material has its origins in the world of racing, has excellent non-slip properties, and is very easy to maintain.

The high-quality leather interior package in Agate Grey emphasises the distinctive styling. The instrument dial of the Sport Chrono stopwatch reflects the exterior colour of your car: Guards Red. These may only be details – but are nonetheless crucial. All you now need to do is start the engine. On the left of course, using the vehicle key, also painted in Guards Red.

And then? Simply follow your desire for freedom.

- 1 Centre console trim in carbon
- 2 SportDesign steering wheel in Alcantara, PDK gear selector in Alcantara, instrument cluster dials in Guards Red
- 3 Sport Chrono stopwatch instrument dial in Guards Red, air vent slats in leather
- 4 Exterior package painted, sports tailpipe, 20-inch SportTechno wheels

Visit www.porsche.com/exclusive to discover everything you need to know about configuring a unique vehicle.

Boxster S

White

**You appreciate your independence.
And a degree of dependence on your Boxster.**

The Boxster S in White is an expression of independence in its purest sense. Embodying the spirit of the pure-bred roadster, it is more agile, unyielding and powerful than ever and, yet, it is incredibly elegant at the same time. That's not a contradiction, it's Porsche. The new styling underlines this to impressive effect.

Its open-top concept demonstrates freedom, its exterior colour represents timelessness and the possibilities for individual styling preferences direct from the factory are extremely varied.

As represented by the painted exterior package: the rear side air intake grilles, rear apron and exterior mirror lower trims are painted in the exterior colour

of your car. The headlight cleaning system covers are also painted, harmoniously completing the final look.

The large 20-inch Carrera S wheels are entirely painted in satin platinum as an unmistakable sign of sporty elegance.

Indeed, elegance is a key theme of the Boxster S in White. In the interior, this has been achieved by the use of exclusive materials. Mahogany is a valuable fine wood that demands highly skilled craftsmanship and a passion for detail. It is used as a finish for the decorative trims of the dashboard and door panels, on the gear lever and on the multifunction steering wheel. This is how to give your Boxster a clear direction – your own.

- 1 Exterior package painted, headlight cleaning system covers painted, wheels painted in satin platinum (complete)
- 2 Exterior mirror lower trims painted
- 3 Mahogany interior package, heated multifunction steering wheel in mahogany, centre console trim in mahogany, instrument dials in Luxor Beige

Visit www.porsche.com/exclusive to discover everything you need to know about configuring a unique vehicle.

The Luxor Beige leather interior has a timeless and classic appeal. Yet, with some selective and exclusive details, you can also make it as individual as you want it to be. The steering column casing, PCM package and also the slats on the air vents have all been covered in leather. Even the personalised floor mats feature a leather edging. The headrests on the Sports seats Plus and the storage compartment lid have been embossed with the Porsche Crest.

As you can see, when it comes to styling your Boxster, you have all the freedom you could possibly wish for, provided that your requirements are technically feasible and meet Porsche quality standards.

In the end, independence is more than just a feeling. It is a lifestyle that makes it possible to have a mind of one's own, to make one's own decisions and to live one's own life.

Where better to enjoy this freedom than in a roadster styled personally by you?

1 Storage compartment lid with Porsche Crest, seat belt buckles in leather

2 Air vent slats in leather

3 Mahogany interior package with heated multifunction steering wheel in mahogany, instrument dials in Luxor Beige

4 Exterior package painted, wheels painted in satin platinum (complete)

Colours and materials

Exceptional, extravagant, exquisite, excellent, exact.

In a word: Exclusive.

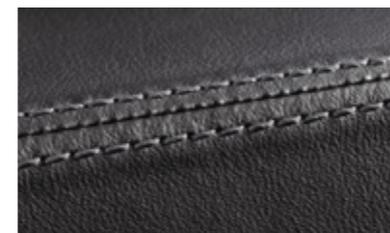

We can offer a comprehensive selection of colours and materials for you to choose from when designing your new Porsche. A range of colours to sample for the interior and exterior are available, as are high-quality materials such as leather, Alcantara, elegant mahogany, carbon or aluminium to enhance the interior. You can find out what is possible at your Porsche Centre. Alternatively, you could visit one of our Customer Centres in Zuffenhausen or Leipzig, where we would be pleased to assist you directly and give you the exclusive advice you need (see page 50).

Paint in colour to sample: example colours to sample¹⁾

Leather in colour to sample: example colours to sample¹⁾

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

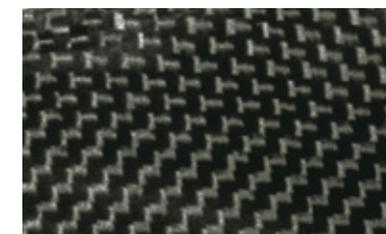

Alcantara

This high-quality material is easy to care for, washable and has excellent non-slip properties.

Mahogany²⁾

Mahogany is a dark, fine wood. Its fine grain gives it a very modern and elegant look.

Carbon

Carbon is a light but highly durable material which has its origins in motorsport. Its sporty look is the ideal complement to the car's race-bred engineering.

Aluminium

Brushed aluminium sets clear accents and gives the interior a sporty, minimalist appearance.

¹⁾ Must be technically feasible and meet Porsche quality requirements.

²⁾ Since wood is a natural product, there may be variations in colour and grain.

- 2 Door sill guards in stainless steel
- 3 Door sill guards in carbon, illuminated
- 4 Door sill guards in stainless steel, illuminated

Exclusive expertise

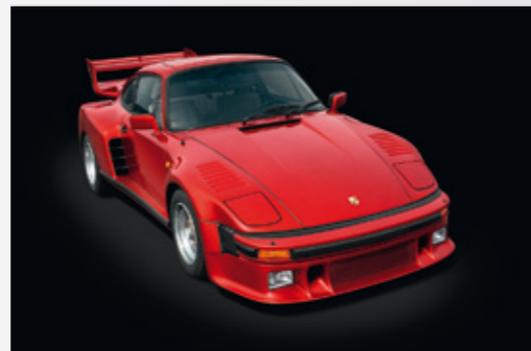

1983

When was the last time your dream became reality?

What better way could there be to make a Porsche even more special than to add your own personal touch? This is the philosophy behind the Porsche 'personalisation programme', known since 1986 as Porsche Exclusive. You can have your vehicle individually tailored to your unique requirements even before it leaves the factory. Handcrafted visual and technical enhancements for the interior and exterior, using fine materials and with customary Porsche quality. The possibilities are as varied as your imagination allows.

At Porsche Exclusive, we create truly special cars and genuinely limited-edition production runs with an intense passion for detail and a focus on quality craftsmanship. Our ever constant goal is to ensure that each and every Porsche car is exceptional, with its own distinctive personality and character. Our latest example: the 911 Club Coupé.

On the following pages, we showcase 10 extraordinary Porsche models. All limited editions, they epitomise the principle on which Porsche Exclusive is founded: exclusive expertise. Every vehicle created by Porsche Exclusive is unique and lives up to our claim and motto 'the most personal car'.

935 Street

As a one-off in 1983, Porsche built a street-legal version of the type 935 racing car. The combination of power and luxury made the 935 Street unique in its time.

1992 to 1993

911 Turbo S Lightweight

In 1992 and 1993, the 911 Turbo S Lightweight was the highlight of the Porsche model range. Thanks to a purposefully weight-saving construction, each one of the 86 exclusive models produced delivered extraordinary performance.

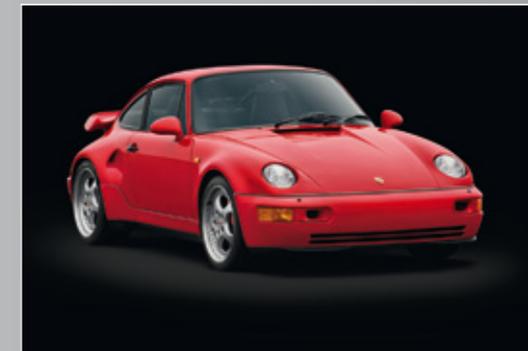

1993

911 Carrera 2 Speedster Turbolook

In 1993, Porsche realised an exclusive customer dream: 15 cars of the then brand-new 911 Carrera 2 Speedster were given the prestigious Turbolook by Porsche Exclusive. The brake system of the 911 Turbo was also available as an option.

1993 to 1994

911 Turbo Flatnose

A stand-out feature of the type 964 series, the 911 Turbo Coupé was available in Flatnose design. Production ran from 1993 to 1994. The Flatnose makeover was limited to 76 models and, in addition to other style modifications, many of these were given an uprated Turbo engine.

1995

1995 to 2000

1997 to 1998

2009 to 2010

2010 to 2011

2012

911 Turbo Cabriolet

A Porsche Exclusive special for sun-loving and power-hungry customers, a limited number of the 911 Turbo was produced in Cabriolet form. The combination of fresh air and turbo performance was available to just 14 customers.

911 Carrera Speedster

One of the rarest Porsche cars ever, the 911 Speedster was based on the 911 (type 993) model series. Only two were made in 1995 and 2000.

911 Turbo S

With the 911 Turbo S manufactured from 1997 to 1998, the Porsche Exclusive tradition of small-scale production reached its high point but also its climax for the time being. The 993 Turbo S – 345 vehicles were made – was the only model in the series to achieve a top speed of 300 km/h.

911 Sport Classic

This small-scale production run from 2009 to 2010 blended the traditional with the modern to create a typical Porsche work of art. The 911 Sport Classic with a double-dome roof, 'ducktail' and 19-inch Sport Classic wheels with the traditional styling of Fuchs wheels was limited to 250 cars.

911 Speedster

Produced in a limited quantity of 356 from 2010 to 2011, the 911 Speedster not only impressed with its handcrafted, personalised interior, it distinguished itself visually from all other members of the 911 family, thanks to its shorter windscreen frame, rear apron with side air outlets and dynamically styled Speedster hood compartment lid with two muscular haunches.

911 Club Coupé

The first two Porsche Clubs comprised 13 members. That was 60 years ago. Since then, their number has grown to 640 globally recognised Porsche Clubs with around 181,000 members. A unique sports car was created in 2012 to honour the first club charters: the 911 Club Coupé – with a strictly limited edition of just 13 cars.

Designing your Porsche

Porsche Exclusive – What else is exclusive to each and every car? Exclusive advice.

Everything starts with the right advice. And the focus is on you and your exclusive wishes and requirements. We offer personal support and individual expert advice to each and every customer. So, why wait? Make an appointment with your Porsche Centre to discuss your requirements. Or contact our Porsche Exclusive Customer Centre in Zuffenhausen directly: e-mail customercenter-exclusive@porsche.de or tel. +49 (0)711 911-25977.

You can see what we really mean by customisation at our Porsche Exclusive Customer Centres in Zuffenhausen and Leipzig. Here, you can select the materials, such as leather, wood or aluminium, and the paint finishes that you desire, and plan your own Porsche using the Porsche Car Configurator.

Let us show you what we can do. And you can also experience in person how we turn customer requirements into reality, here, directly on site. Down to the smallest detail. Just as you would expect from Porsche Exclusive.

The Porsche new vehicle warranty applies to all Porsche Exclusive options and special designs. Please appreciate that some Porsche Exclusive options may require a longer delivery lead time.

Panorama

Porsche Classic

Your specialist source for genuine Porsche parts as well as restoration services for all Porsche classics. Visit www.porsche.com/classic to find out more.

Porsche Online

Go to www.porsche.com for all the latest news and information from Porsche.

You can obtain the latest brochures for Porsche Tequipment, Porsche Driver's Selection and Porsche Driving Experience from your Porsche Centre.

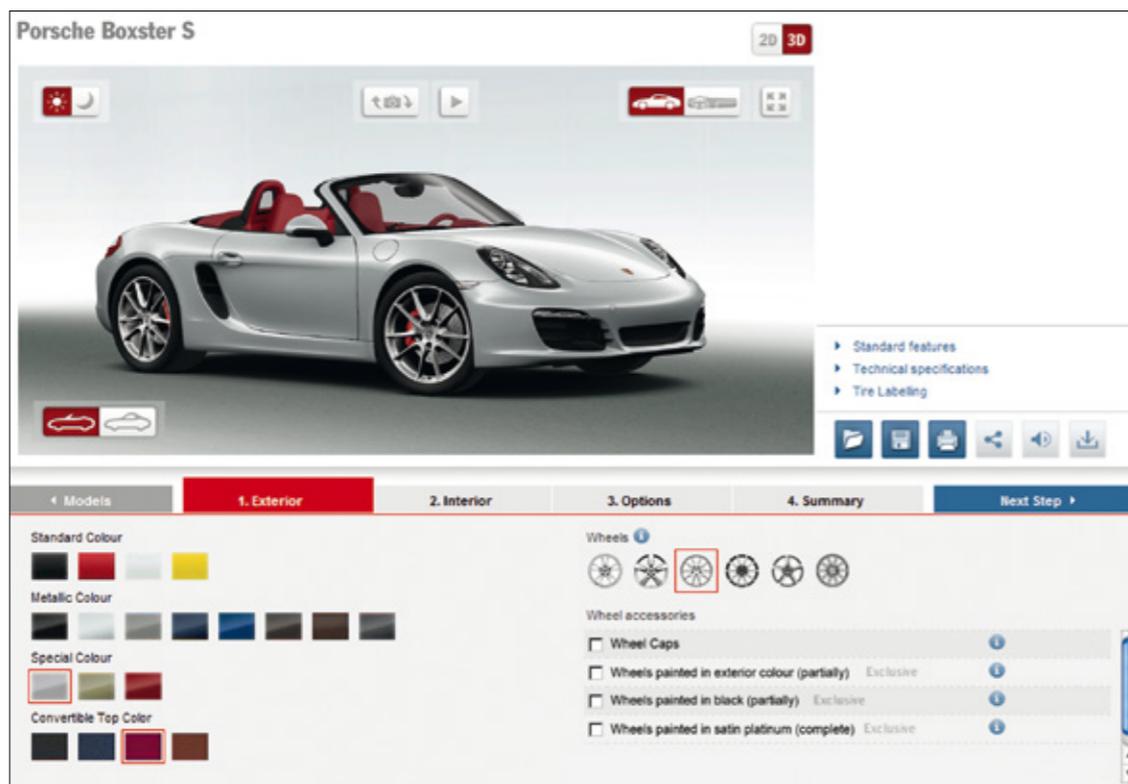

Porsche Car Configurator

Independence begins with an idea.

Taste, personality, style. You decide what kind of Boxster suits you best. Using the Porsche Car Configurator, you can see this take shape before your very eyes – on your computer. It takes just four steps to configure your Porsche.

An interactive 3D tool then allows you to view your creation inside and out, in daylight and at night. You can save your configuration and print it out directly.

Visit www.porsche.com and discover the Porsche Car Configurator and much more about the fascination of Porsche.
