

PORSCHE

Tequipment 911

Accessories for the 911 model range

**All muscle.
And Porsche genes in every fibre of their being.**

Thinking laterally and breaking boundaries. Never standing still and never making do. Continually striving to improve every last detail and always highly motivated. These are characteristics that distinguish not only you, but also the Porsche development team in Weissach. Whether it's the designer or the engineer, each member of the team is committed to getting the best out of absolutely everything. The results are cars

beyond compare. Nevertheless, all Porsche models leave scope for further personalisation. Thanks to the model-specific products available from Porsche Tequipment, you can refine your car to your unique taste after you have taken delivery. All Porsche Tequipment products are designed with the complete vehicle in mind and by the same Porsche engineers and designers who also develop the vehicles themselves.

As with the cars we create, all our accessories undergo rigorous testing during their development. After all, they are more than just accessories, they are part of a harmonious overall concept – your Porsche.

The same applies to one of the highlights in our range: the Aerokit Cup. This styling option comprises a new front apron with

a refined front spoiler and modified spoiler lip, as well as a new rear spoiler with fixed-wing profile. What makes this package even more special? The Aerokit Cup can be retrofitted even if your vehicle came ready equipped with a SportDesign front apron or SportDesign package.

This is because their modular design enables them to be seamlessly combined.

Whether you wish to enhance its performance, refine its style or add comfort features, it is never too late to give your Porsche an extra personal touch.

Whichever Tequipment products you ask your Porsche Centre to fit, your Porsche will always be the masterpiece that the developers in Weissach envisaged it to be.

For peace of mind, you can rest assured that your original warranty will not be affected.

For more information about Porsche Tequipment, please visit www.porsche.com or contact your Porsche Centre.

Exterior	6	Audio and communication	42
Express your sporty inner attitude and accentuate the toned physique of your 911. The Aerokit Cup, sports exhaust system and wheel options are just a few of the products available from Porsche Tequipment.			
Performance	24	Transport and car care	50
Over 30,000 racing victories have left their mark – not least on your Porsche.			
Interior	30	Panorama	60
Inner values matter. Whether your emphasis is on performance, style or classic appeal, we can turn your ideas into reality and your 911 will always be 100% Porsche.

Contents

There's nothing over-elaborate or fanciful about our accessories. They integrate with the vehicle to form a harmonious combination.

1963 saw the first ever 911. Styled the way we envisaged.

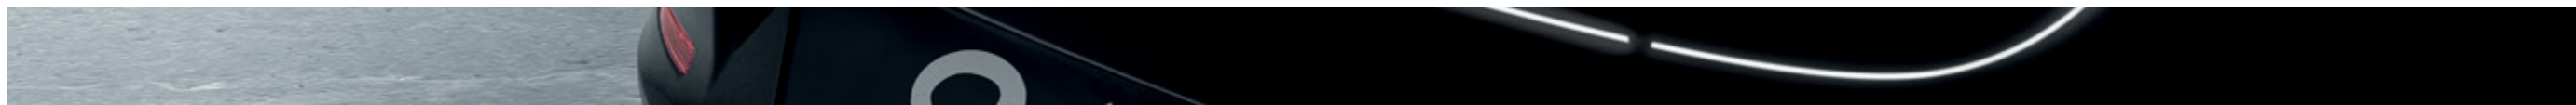

Today sees the latest 911. Styled the way we, and you, envisaged. A fully personalised 911 can be your dream come true.

With the Porsche Tequipment range of accessories, you can make your 911 even more distinctive. Whether you opt for the Aerokit Cup, Bi-Xenon main headlights in black, taillights with a clear glass look or new wheels, the decision is entirely yours. The following pages will show you everything that's possible.

All accessories available from Porsche Tequipment were developed in parallel with the 911 itself. How else could we have achieved such a harmonious combination?

Exterior

It's nice when you can keep dreaming the dream.

[1] SportDesign front apron

Components have been purposefully refined in the Porsche wind tunnel to reduce lift. The newly styled front apron with distinctive spoiler lip creates an uncompromisingly sporty appearance.

If your vehicle is already equipped with the SportDesign front apron, there is still scope for further enhancement with the Aerokit Cup available from Porsche Tequipment. Only for 911 Carrera Coupé models.

Note: reduces ground clearance.

[2] SportDesign package

The SportDesign package includes not only the SportDesign front apron with distinctive spoiler lip, but also a rear spoiler that further emphasises the sporty look of the 911 model range and also helps to reduce lift.

If your vehicle is already equipped with the SportDesign package, there is still scope for further enhancement with the Aerokit Cup available from Porsche Tequipment. Only for 911 Carrera Coupé models.

Note: reduces ground clearance. To preserve aerodynamic stability, front and rear spoilers may not be fitted separately.

[1] Aerokit Cup

This package comprises the SportDesign package (SportDesign front apron and rear spoiler) as well as a modified front spoiler lip and a fixed-wing profile on the rear spoiler. Tested and refined in the Porsche wind tunnel, the components

increase downforce on both axles and improve handling. They also emphasise the 911's sporting heritage.

If your vehicle is already equipped with the SportDesign front apron or SportDesign package, there is still scope for further

enhancement with the Aerokit Cup available from Porsche Tequipment.

Note: reduces ground clearance. To preserve aerodynamic stability, front and rear spoilers may not be fitted separately. Only for 911 Carrera Coupé models.

[2] Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)

Love at first sight. Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS) create striking accents

and darken the appearance. Even the front light units are slightly smoked. The geometry and function is the same as standard headlights.

[3] Taillights with clear glass look

The slightly smoked but transparent lenses of these taillights provide a clear view of the LED system. The geometry and function is the same as standard headlights.

[4] Model designation on doors

Available in black and silver colour with the following logos: '911 Carrera', '911 Carrera S', '911 Carrera 4', '911 Carrera 4S', '911 turbo' and '911 turbo S'.

Porsche has kept its feet on the ground since 1948.

Although there are many units of measurement, sometimes the inch is the most indicative. The wheels from Porsche Tequipment make an impression by combining aesthetics, dynamic performance and safety. Styled and tested without compromise for a result beyond compare, they are the perfect complement to your 911.

[1] 20-inch SportDesign wheels with summer tyres

Set of one-piece alloy wheels with motorsport derived multi-spoke design and optimised for low weight thanks to flow-forming technology.

[2] 20-inch SportTechno wheels with summer tyres

Set of one-piece alloy wheels optimised for low weight thanks to flow-forming technology. With GT Silver Metallic paint finish and front surfaces with high-gloss polished finish.

[3] 20-inch Carrera S wheels with summer tyres

Set of alloy wheels with an elegant dual five-spoke design. Dynamic and powerful – just like your Porsche.

[4] 20-inch Carrera S wheels in satin platinum with summer tyres

Your Porsche delivers excellent dynamic performance, and so do these wheels. The 20-inch Carrera S wheels with summer tyres and a paint finish in satin platinum emphasise the sporty character of your car and give it even more individuality. Includes wheel centres with full-colour Porsche Crest.

[1] 20-inch Carrera S wheels painted in black (high-gloss) with summer tyres

A high-gloss black painted finish on the centre spokes creates an imposing look and makes the overall appearance of the 20-inch Carrera S wheels even more powerful. Includes wheel centres with full-colour Porsche Crest.

[2] 20-inch Carrera Classic wheels with summer tyres

Sporty alloy wheels with 10-spoke two-tone design. Titanium-coloured paint finish with high-gloss polished front surfaces. The intricate spokes provide a clear view of the Porsche brake system.

[3] 20-inch Carrera S wheels with winter tyres

The five closed-end, dual-arm spokes of these wheels will accentuate the ultra-sporty appearance of your 911, while the winter tyres offer improved traction in cold weather.

[4] 19-inch Carrera wheels with winter tyres

This wheel and tyre set featuring five-spoke 19-inch Carrera wheels and winter tyres is as instantly appealing as your Porsche. The wheels impress with their functional design and sporting elegance, while the winter tyres offer improved traction in cold weather.

[5] 20-inch Turbo wheels with winter tyres (p. 20)

Forged alloy wheels with 10-spoke dual-arm design and two-tone finish (titanium-coloured/polished). Both elegant and imposing.

[6] 20-inch Turbo S wheels with winter tyres (p. 20)

These forged alloy wheels with motorsport-derived spoke design and two-tone finish (black/polished) are all about performance – including in winter.

	—	—	○	—	—	—	—	Front: 8.5 J x 20 ET 51 Rear: 11 J x 20 ET 52	Front: 245/35 ZR 20 (91Y) Rear: 305/30 ZR 20 (103Y) XL
	○	—	—	—	—	—	—	Front: 8.5 J x 20 ET 51 Rear: 11 J x 20 ET 70	Front: 245/35 ZR 20 (91Y) Rear: 295/30 ZR 20 (101Y) XL
	—	—	○	—	—	—	—	Front: 8.5 J x 20 ET 51 Rear: 11 J x 20 ET 52	Front: 245/35 ZR 20 (91Y) Rear: 305/30 ZR 20 (103Y) XL

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above +7 °C. Below this point, the tyre compound begins to harden and braking

distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year so that you can drive your 911 safe in the knowledge that it will continue to meet

our high standards for driving safety even at low temperatures. All winter tyres approved by Porsche are identifiable by the ‘N’ designation on the sidewall. The crucial advantage of winter tyres is that

they reduce braking distances at low temperatures (below +3 °C).

For footnotes, please refer to page 21.

- Compatible
- Not compatible
- ¹ Optional: use of 5 mm spacers on front and rear axles to widen track.
- ² Winter tyres up to max. 240 km/h (149 mph).
- ³ Not compatible with 5 mm wheel spacers (XRP).
- ⁴ Compatible with snow chains if no spacers fitted.
- ⁵ Not compatible with snow chains – for winter tyres only.

⁶ The wheel centres shown are not included, except in the case of the 20-inch Carrera S wheels in satin platinum or black (high-gloss). If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre. All tyres are designed exclusively for Porsche as indicated by the special Porsche designation (N0, N1, etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

How tyres influence braking performance:

Fuel efficiency class, wet grip class, rolling noise:

Tyre type	Size	Fuel efficiency class/rolling resistance	Wet grip class	External rolling noise* class	External rolling noise (dB)
Summer tyres	235/40 ZR 19	E	B		68
	285/35 R 19	E	C		70
	295/35 ZR 19	E	B		71
	245/35 ZR 20	F	A		71
	295/30 ZR 20	E	A		74
	305/30 ZR 20	E	A		74
Winter tyres	235/40 R 19	E	C		72
	285/35 R 19	C	C		73
	245/35 R 20	E	C		72–70
	295/30 R 20	C	C		74–73
For logistical and technical reasons relating to the production process, we are unable to accept orders for a particular make of tyre.					
*  Quiet rolling noise,  Moderate rolling noise,  Loud rolling noise.					

[1] Snow chains

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow. Set of two for rear axle.

Not compatible with wheel spacers.

[2] Wheel centres

Set of wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for the wheels of your 911.

[3] Anti-theft wheel protection

Set of four wheel bolts with highly secure Thatcham-approved locking system.

[4] Wheel bolts in black including anti-theft protection (not shown)

Set of 20 wheel bolts in black, four of which are anti-theft wheel bolts. Two versions available: for vehicles with and vehicles without 5 mm spacers.

[5] Wheel spacers

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your 911 will look even sportier, as the wheels run virtually flush with the body of the car. Package comprises a set of four spacers (5 mm) including a set of 20 wheel bolts in black, four of which are anti-theft wheel bolts.

[6] Crested valve caps

Silver-coloured valve caps with embossed Porsche Crest.

For vehicles with TPM¹ or without TPM¹ (not shown).

¹ Tyre pressure monitoring.

**The power concept.
Purposefully redefined.**

The 911 and motorsport make an inseparable team. The knowledge we gain on racetracks all over the world is constantly being put to use to the benefit of our production cars. The result is tangible in the form of continuously improved performance, down to the last detail. And the best thing about it? You have the ability to improve it further still thanks to the Porsche Tequipment range of accessories.

Whether it's a sports exhaust system or a Powerkit engine upgrade, all our products focus on one goal: to enhance the performance of your Porsche, and to give you even more driving pleasure.

Performance

The only alternative to power?
Even more power.

The 911 was born out of passion for the sports car. The source of this passion can be traced back to the Porsche Development Centre in Weissach. Here, our designers and engineers give their all to

produce breakthrough after breakthrough. The most recent accomplishment is the new Carrera S Powerkit – available for the 911 Carrera S models (type 991).

In plain figures, we have managed to increase power output from 294 kW (400 hp) to 316 kW (430 hp) and improve acceleration from 0 to 100 km/h by 0.1 seconds. The 911 Carrera S models with PDK¹ and SPORT PLUS button complete the sprint in an impressive 4.0 seconds. The fastest variant in the range reaches a top speed of 308 km/h.

To develop the Powerkit, a number of sophisticated measures were needed. The cylinder head intake ports have been reworked and given a polished finish. The stroke of the intake camshaft has been increased and the electronic engine management adapted accordingly.

The highlight of the Carrera S Powerkit is the newly developed variable resonance intake manifold with six plus one switchable valves. This innovation enables the system to switch between power- and torque-optimised geometries and deliver a boost in power output, particularly in the upper speed range. The extra heat generated by

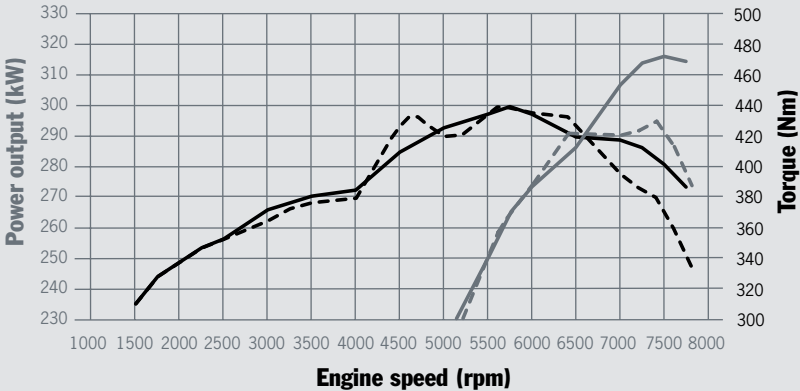

this power increase is dissipated by an additional centre radiator.

Other components include the sports exhaust system with two specially designed twin tailpipes and the titanium-coloured engine cover featuring inlays in carbon.

Some models may require additional components. (Please see fitting and conversion instructions.)

¹ 7-speed Porsche Doppelkupplung (PDK).

For fuel consumption, CO₂ emissions and efficiency classes, please refer to page 63.

[1] Sports exhaust system

The typical Porsche sound – powerful, robust and sporty. Better still, it can be further enhanced thanks to the sports exhaust system, featuring a modified silencer and specially designed twin dual-tube tailpipes. By simply pressing the

button integrated in the right half of the control panel, the sound will vary with driving behaviour, ranging from a robust output during normal road driving to a distinctively more aggressive tone during performance use. The specially designed tailpipes are included as standard.

Some models may require additional components. (Please see fitting and conversion instructions.)

[2] Sports tailpipes

Specially designed twin tailpipes in chrome-plated stainless steel. Give a sporty look to the rear of your 911.

[3] Fuel filler cap**with Aluminium Look finish**

This elegant accessory is a stylish addition inspired by our racing heritage. Modelled on filler caps from historic race vehicles, it has an engraved 'PORSCHE' logo and securing tether.

3

**Why should we be the only devoted
911 exterior and interior stylists?**

The 911 is unmistakable on the outside thanks to its unique silhouette. Your 911 is unmistakable on both the outside and the inside because the interior leaves scope for further personalisation. After all, this sports car was designed to reflect your particular lifestyle and symbolise freedom. Creative freedom included.

Interior

**The 911 symbolises creative freedom.
Not least on the inside.**

[1] Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hard-wearing.

[2] Mahogany¹

Mahogany is a dark, fine wood. Its fine grain gives it a very modern and elegant look.

¹ Since wood is a natural product, there may be variations in colour and grain.

[3] Carbon

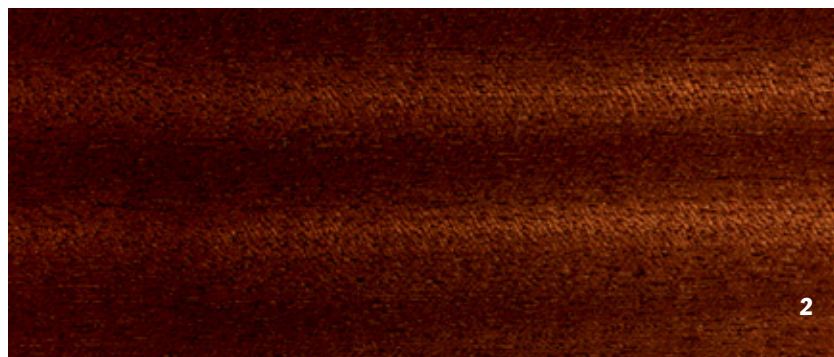

Carbon is a light but highly durable material which has its origins in motorsport. Its look is the ideal complement to the car's race-bred engineering.

[4] Aluminium

Brushed aluminium sets clear accents and gives the interior a sporty minimalist look.

[5] Alcantara

This high-quality material is easy to care for, washable and has excellent non-slip properties.

[1] Mahogany interior package

This package comprises inlays in mahogany on the gear lever or PDK¹ gear selector and decorative strips in mahogany on the dashboard.

[2] Heated multifunction steering wheel in mahogany

The grain on the mahogany multifunction steering wheel is as unique as a finger-print. Thanks to the integrated buttons, you have control over a number of audio and, where applicable, navigation and telephone functions at your fingertips.

[3] Centre console trim in mahogany

Give your 911 an added personal touch with the centre console trim in mahogany. Charismatic and unique, just like you.

[4] Carbon interior package

This package comprises inlays in carbon on the gear lever or PDK¹ gear selector and decorative strips in carbon on the dashboard.

[5] Heated multifunction steering wheel in carbon

The multifunction steering wheel in carbon brings you closer to the racetrack. Thanks to the integrated buttons, you have control over a number of audio and, where applicable, navigation and telephone functions at your fingertips.

[6] Centre console trim in carbon

This trim is more than just a sporty detail, it adds a touch of motorsport.

¹ 7-speed Porsche Doppelkupplung (PDK).

[1] Brushed aluminium interior package

This package comprises inlays in brushed aluminium on the gear lever or PDK¹ gear selector and decorative strips in brushed aluminium on the dashboard.

[2] Centre console trim in brushed aluminium

Every detail should be exactly as you imagined. This trim in brushed aluminium enhances the sporty feel of the interior.

[3] PDK¹ gear selector in aluminium

Specially designed PDK¹ gear selector in aluminium. The PDK¹ gear selector inlays feature leather trim in the interior colour.

[4] PDK¹ gear selector in Alcantara, gear lever in Alcantara (not shown)

This gear lever/PDK¹ gear selector highlights the close association of Porsche with motorsport. Both are finished in black Alcantara.

[5] SportDesign steering wheel

This steering wheel in leather adds a distinctly sporty accent. Two versions are available: one for the manual gearbox and one for PDK¹. The PDK¹ version is equipped with gearshift paddles. The right-hand paddle shifts up, the left-hand paddle shifts down.

[6] SportDesign steering wheel in Alcantara (not shown)

Alcantara makes the steering wheel particularly easy to grip, robust and straightforward to maintain – properties appreciated not only in motorsport.

¹ 7-speed Porsche Doppelkupplung (PDK).

5

**The interior of your 911.
A dream within a dream.**

**[1] Storage compartment lid
with Porsche Crest**

The lid of the centre console storage compartment is finished in leather in the colour of the interior and embossed with a Porsche Crest.

[2] Floor mats with nubuck edging

Made-to-measure floor mats with nubuck edging and 'PORSCHE' logo, which have a waterproof underside and are non-slip. They are secured by a special fastener system. Available as a set of two or four.

[3] Rubber floor mats

Two made-to-measure floor mats in an appealing design featuring the 911 silhouette and 'PORSCHE' logo. Anti-slip and waterproof with perimeter ridges.

[4] Rear footwell lighting (not shown)

Highlight the ambience of the interior with additional LEDs for the rear left and right footwells.

[5] Key pouch in leather

In smooth-finish leather with decorative stitching and embossed Porsche Crest. Includes the tether for the vehicle key.

[6] Vehicle key painted

A special kind of door opener: set of two vehicle key side mouldings with painted finish.

5, 6

Door sill guards

A real eye-catcher. Whether you choose door sill guards in carbon or stainless steel, they provide a stylish and dramatic finishing touch. If you select illuminated door sill guards, the white illuminated model logo is a further highlight.

[1] Door sill guards in carbon

A sporty and striking effect created by carbon fibre – an extremely lightweight high-tech material. With model logo.

[2] Door sill guards in carbon, illuminated

Door sill guards in carbon with white illuminated model logo place equal emphasis on sportiness and extravagance.

[3] Door sill guards in stainless steel

A brilliant highlight revealed, the moment you open the door: door sill guards in stainless steel with model logo.

[4] Door sill guards in stainless steel, illuminated

Why not lead by shining example? These door sill guards with illuminated model logo are the way to do it.

2

3

4

**Your 911 is a technical masterpiece.
Communication technologies included.**

Tradition and innovation, style and functionality, performance and everyday practicality. The 911 combines them all. It's what you expect from a Porsche.

The 911 embodies passion for the sports car like almost no other vehicle. It is a demonstration of engineering excellence. The interior is no different thanks to intelligent communication equipment from Porsche Tequipment. This has an important role to play on the road by helping you reach your destination quickly and safely. The sporty way.

Audio and communication

[1] PCM with navigation module and CD/DVD autochanger

The central information and communication system with a high-resolution 7-inch WVGA (Wide Video Graphics Array) TFT colour touchscreen display is easy to operate. The radio is equipped with an RDS twin-tuner. The six-disc CD/DVD autochanger plays CDs

and audio DVDs and is MP3-compatible. Audio playback of video DVDs is also supported. The GPS navigation system has a hard drive containing map data for most European countries. Other features include dynamic route calculation, a 3D map display and automatic route recording.

Only for vehicles with Sound Package Plus or BOSE® Surround Sound System.

[2] Navigation update (not shown)

Map update (Model Year 2013) for your navigation system.

Please consult your Porsche Centre for information on the data version of your PCM.

[3] Electronic logbook

The optional electronic logbook enables automatic recording of mileage, route distance, date and time, starting point and destination as part of every journey. Once you have downloaded the logbooks from the PCM via Bluetooth® or the USB interface, the data can be evaluated on your home PC using the software supplied.

Only in conjunction with PCM with navigation module.

[1] Telephone module¹

The optional quadband GSM telephone module offers convenience and excellent reception. By inserting a SIM card directly into the PCM's integral SIM card reader, calls can be made using either the hands-

free facility or the optionally available cordless handset. Alternatively, the Bluetooth® capability of a mobile phone can be used to make calls through the SIM Access Profile (SAP) or Handsfree Profile (HFP)².

[2] Cordless handset for telephone module¹

Handset display and separate keypad for making telephone calls discreetly.

[3] Voice control system (not shown)¹

Almost all of the functions of the PCM can be activated by voice control. The system recognises commands or figure sequences irrespective of the speaker. It gives audible feedback and guides you

through the functions. Without needing to 'train' the system, phonebook entries can be retrieved, a radio station selected or the navigation destination entered directly by speaking whole words rather than dictating just one letter at a time.

¹ Only in conjunction with PCM with navigation module.

² For information on compatible mobile phones, please contact your Porsche Centre or visit www.porsche.com

1

2

[1] Mobile phone preparation

To enable a Bluetooth® connection for those mobile phones that only support the Handsfree Profile (HFP), an optional hands-free facility is available. With HFP, the PCM acts merely as a hands-free

system. It is possible to control basic functions of the mobile phone using PCM or the optional multifunction steering wheel. The GSM connection is established through the aerial of the mobile phone.

Only in conjunction with PCM with navigation module.

For information on compatible mobile phones, please contact your Porsche Centre or visit www.porsche.com

[2] Porsche Vehicle Tracking System (PVTs)

Enables remote location of a stolen vehicle within 27 European countries as well as Russia and South Africa. Location is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered

with, or after notification from the vehicle owner. PVTs has been thoroughly tested in all of these countries to ensure that the service fully meets strict Porsche requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for Porsche Vehicle Tracking System (PVTs).

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

Did you expect our transport and car-care accessories to offer anything less than supreme performance?

The 911 and roof attachments? That may sound like a contradiction, but it isn't. Not when our favourite pastime is reconciling seemingly contradictory notions. You can drive your Porsche and bring your second favourite mode of transport along for the ride. Bicycles, skis and snowboards, for example, are easily accommodated.

After some heavy lifting, your Porsche deserves a rest and some care and attention. The following pages will show you everything we have to offer, from car covers to microfibre cleaning cloths.

Transport and car care

An intense passion for the 911 can develop at an early age.

Ask a child to draw a sports car and you will be amazed at how often the silhouette of the 911 appears before your eyes. Travelling in a Porsche is not just for grown-ups. With Porsche Tequipment child seats, it's for the little ones, too. Now passengers below the age of 12 need never miss out.

[1] Porsche child seats
Porsche child seats meet strict safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers up to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean with a removable and washable

cover in black and grey with a contrasting red trim. The Porsche child seats can be fixed conveniently and safely on the passenger seat using a preparation kit or the three-point belt system. For increased safety, the Porsche Baby Seat and Porsche Junior Seat ISOFIX have an independent five-point belt system.

[2] Child seat preparation for front passenger seat (not shown)
Includes ISOFIX mounting points between the backrest and squab on the front passenger's seat, as well as key-operated deactivation system for front passenger airbag. The front passenger airbag must be deactivated if carrying a child up to 27 kg.

1

Model: Porsche Baby Seat¹
Group: G 0+
Weight: up to 13 kg
Age: up to approx. 18 months

Model: Porsche Junior Plus Seat²
Group: G 2 – G 3
Weight: 15 to 36 kg
Age: approx. 4 to 12 years

Model: Porsche Junior Seat ISOFIX
Group: G 1
Weight: 9 to 18 kg
Age: approx. 9 months to 4 years

The use of a child seat on the passenger seat is permitted only in conjunction with child seat preparation. Child seats must not be used with the Sports bucket seats.
¹ Separate ISOFIX base option.
² Also available as Porsche Junior Plus Seat ISOFIT. ISOFIX/ISOFIT is a secure and user-friendly child seat mounting system that rigidly attaches the child seat to the vehicle.

A real performer can always shoulder a little more burden.

[1] Roof transport system

Versatile base carrier offering maximum roof load of 75 kg. Compatible with a wide range of load carrying attachments, which are easy to fit and feature anti-theft protection.

Only for 911 Coupé models.

[2] Bike carrier

Lockable carrier for standard adult and children's bikes up to a maximum frame-tube diameter of 85 mm. Up to three bike carriers can be mounted on the roof transport system.

[3] Roof box

Lockable plastic roof box in Silver Grey with a load-carrying capacity of approximately 310 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,260 x W 550 x H 380 mm.

[4] Ski/snowboard carrier

Two versions of this load-carrying attachment are available: one for up to four pairs of skis or up to two snowboards, and one for up to six pairs of skis or up to four snowboards.

**There's equipment and there's Porsche Tequipment.
The difference is self-explanatory.**

Our accessories and car-care products are exactly like your car: 100% genuine Porsche. As a result, they are just as indispensable. They are designed to enhance the practicality of your Porsche and help you to continue enjoying your 911 for as long as possible. What other enticement could you need?

[1] Outdoor car cover

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent, it provides excellent protection against a range of weather conditions including strong sunlight. With anti-theft protection.

Not compatible with SportDesign package or Aerokit Cup.

[2] Indoor car cover

Tailored indoor cover in breathable, anti-static and dirt-resistant fabric. With full-colour Porsche Crest and logo.

Available for Coupé and Cabriolet models and for vehicles with SportDesign package or Aerokit.

[3] Cargo liner

Waterproof and easy-to-clean loadspace liner offering tailored protection against dirt and damage for the luggage compartment. With 'PORSCHE' logo.
