

PORSCHE

Tequipment Boxster

Accessories for the Boxster model range

To dream, you don't even need to close your eyes.

Thinking laterally and breaking boundaries. Never standing still and settling for ordinary. Continually striving to improve every last detail and always highly motivated. These are characteristics that distinguish not only you, but also the Porsche development team in Weissach. Whether it's the designer or the engineer, each member of the team is committed to getting the best out of absolutely everything.

The results are cars beyond compare. Nevertheless, all Porsche models leave scope for further personalisation. Thanks to the products available from Porsche Tequipment, you can refine your car to your unique taste even after you have taken delivery. All Porsche Tequipment products are designed with the complete vehicle in mind and by the same Porsche engineers and designers who made your car.

Every product undergoes exhaustive testing throughout its development to ensure outstanding performance and durability; because each product must meet the highest standards of Porsche quality and functionality.

The same applies to one of the highlights in our range: the SportDesign package.

Developed specifically for the Boxster, this package comprises a distinctive SportDesign front apron and a matching rear apron. During its development, it was required to withstand continuous loads on specially designed test rigs. In the wind tunnel, aerodynamics and lift forces were evaluated extensively and adapted to the overall aerodynamic concept of

the Boxster. Behaviour under dynamic driving conditions was observed on the racetrack. Typically Porsche.

You can enhance its performance, refine its style or add comfort features at any time. Whichever Tequipment products you ask your Porsche Centre to fit, your Porsche will always be the masterpiece

that the developers envisaged it to be. For peace of mind, your original car warranty remains completely intact.

Consult your Porsche Centre to discover more about Porsche Tequipment, and find all our products using our online 'Tequipment Finder' at www.porsche.com/tequipment

Contents

For fuel consumption, CO₂ emissions and efficiency class, please refer to page 59.

The more you change your Boxster, the more it becomes like you.

A Porsche is often a decision for life. Two-thirds of all Porsche cars ever built are still being driven today, which is not by chance. It's because they are cherished and well cared for by their drivers.

Even a relationship as solid as this one can welcome changes now and again. A few tasteful refinements can reinvigorate your car's appearance and make it even more emotive and expressive.

The Porsche Tequipment range of accessories helps you to make your Boxster even more unmistakable and charismatic. Are you thinking about some new wheels or do you like the look of our SportDesign package? These are products that will reinforce the sporty presence of your car.

Exterior

**You get more than additional features from Tequipment.
You get more Porsche.**

[1] SportDesign package

A genuine athlete always welcomes a little self-improvement, and looks are no exception. This specially developed package for the Boxster will not only reinforce the imposing presence of your car, it will create an appearance that is

unmistakable. With a paint finish matching the exterior colour of the vehicle, the SportDesign package comprises a new front apron with air intakes painted in black (matt), a new rear apron with a diffuser displaying vertical accents and a tailpipe trim also painted in black (matt).

[2] Smoked taillights

An unforgettable sight, even from behind. Smoked taillights featuring darker lenses and selected internal components in black produce a smouldering combination for the rear end of your car.

[3] Model designation on doors

Logos adorning the doors will make your Boxster even more individual than it was before. They offer a heightened sense of anticipation as you step inside.

Available in black or silver colour with 'Boxster' or 'Boxster S' logo.

**A striking design and excellent performance.
What goes for your car goes for your wheels, too.**

Can you imagine your Boxster equipped with one of the wheel and tyre sets from Porsche Tequipment? We can. They bring added individuality combined with a high

level of agility, as well as safety. This combination produces even greater driving pleasure. Keeping your feet on the ground need never be boring.

**[1] 20-inch SportTechno wheels
with summer tyres**

Set of one-piece alloy wheels optimised for low weight thanks to flow-forming technology. The 20-inch SportTechno

wheels are characterised by their imposing design and size. Clearly defined lines mean that they are extremely easy to care for.

[1] 20-inch Carrera S wheels with summer tyres

The design of the 20-inch Carrera S wheels is both dynamic and powerful – just like your Porsche.

[2] 20-inch Carrera S wheels painted in satin platinum with summer tyres

Your Porsche delivers excellent dynamic performance, and so do these wheels. The 20-inch Carrera S wheels with

summer tyres and a paint finish in satin platinum emphasise the sporty character of your car and gives it even more individuality. Includes wheel centres with full-colour Porsche Crest.

[3] 20-inch Carrera S wheels painted in black (high-gloss) with summer tyres

Wheels with a high-gloss black painted finish create an imposing look. In combination with the summer tyres, the

20-inch Carrera S wheels appear even more powerful. Includes wheel centres with full-colour Porsche Crest.

[4] 20-inch Carrera Classic wheels with summer tyres

Elegant, highly polished 10-spoke wheels with a two-tone finish. The intricate spokes provide a clear view of the Porsche brake system.

1

2

3

4

**[1] 20-inch 911 Turbo wheels
with summer tyres**

These forged alloy wheels with 10 dual-arm spokes and a two-tone finish (titanium-coloured/highly polished) are both elegant and imposing.

**[2] 19-inch Boxster S wheels
with winter tyres**

The dual five-spoke design of these wheels will accentuate the sporty appearance of your Boxster, while the winter tyres offer improved traction in cold and wet conditions.

**[3] 19-inch Cayman S wheels
with winter tyres**

These 19-inch wheels in classic five-spoke design will lend your sports car an extra dynamic touch – and that includes the appearance.

**[4] 18-inch Boxster wheels
with winter tyres**

These one-piece alloy wheels are not only the ideal match for your Porsche, they provide excellent cold-weather traction in conjunction with the winter tyres.

**[5] 18-inch Cayman wheels
with winter tyres**

With their puristic dual-arm spoke design, these 18-inch alloy wheels emphasise the sporting prowess of the Boxster and provide a firm connection with the road.

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above +7 °C. Below this point, the tyre compound begins to harden and braking

distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year so that you can drive your Boxster safe in the

knowledge that it will continue to meet our high standards for driving safety even at low temperatures. All winter tyres approved by Porsche are identified by an

‘N’ designation on the sidewall. These tyres are beneficial because they have been optimised to produce less noise and

rolling resistance has been reduced for improved fuel economy.

- Compatible

– Not compatible

¹ If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre. All tyres are designed exclusively for Porsche as indicated by the special Porsche designation (N0, N1, etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

² Winter tyres up to max. 240 km/h.
- ³ Not compatible with 5 mm wheel spacers.

⁴ Compatible with snow chains if no spacers fitted.

⁵ Not compatible with snow chains – for winter tyres only.

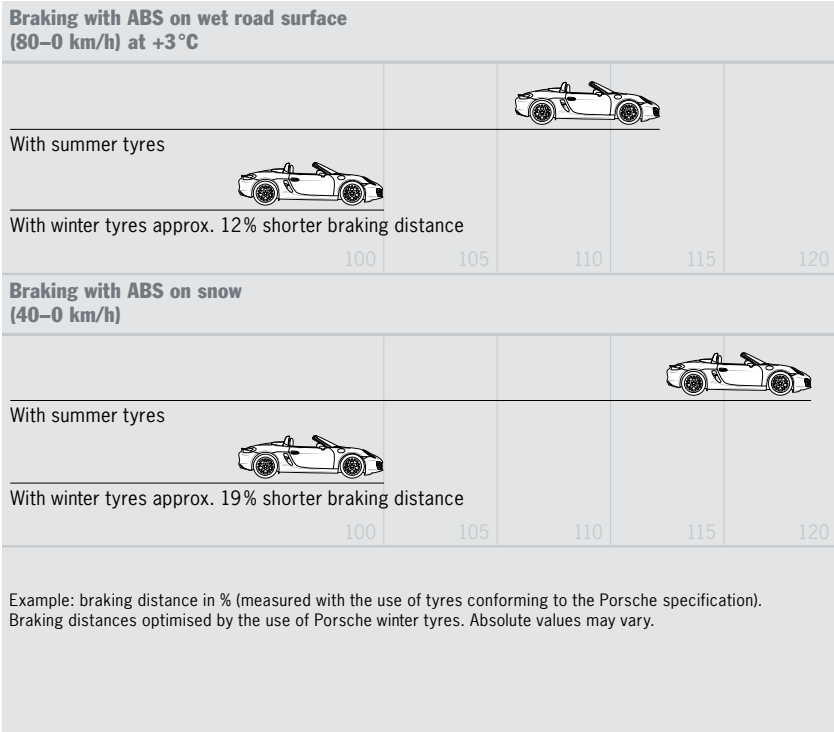

⁶ Optional: use of 5 mm spacers on front and rear axles to widen track.
- Note: the wheel centres shown – with the exception of 20-inch Carrera S wheels painted in satin platinum with summer tyres and 20-inch Carrera S wheels painted in black (high-gloss) with summer tyres – are not included.

For logistical and technical reasons relating to the production process, we are unable to accept orders for a particular make of tyre.					
* Quiet rolling noise, Moderate rolling noise, Loud rolling noise.					

[1] Snow chains

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow. Set of two for rear axle.

Not compatible with wheel spacers.

[2] Wheel centres

Set of four wheel centres with full-colour Porsche Crest. The perfect finishing touch for any Boxster wheels.

[3] Crested valve caps

Silver-coloured sleeves with embossed Porsche Crest.

For vehicles with TPM¹ or without TPM¹ (not shown).

¹ Tyre Pressure Monitoring.

[4] Anti-theft wheel protection (not shown)

Set of four wheel bolts for alloy wheels, with highly secure Thatcham-approved locking system.

[5] Wheel spacers

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your Boxster will look even sportier, as the wheels run virtually flush with the body of the car. Package

comprises a set of four spacers (5 mm) and 20 wheel bolts in black, four of which are anti-theft wheel bolts.

Only in conjunction with 18-inch wheel sets.

[6] Wheel bolts in black including anti-theft protection

Set of 20 wheel bolts in black, four of which are anti-theft wheel bolts. Two versions available: for vehicles with and vehicles without 5 mm spacers.

An open outlook. Not least when it comes to sport and performance.

Where every Boxster wants to go is clear at first glance. Forwards. Every line and every technical detail reflect its character and insatiable desire for acceleration. It is forever motivated by one goal: driving pleasure. Corner after corner.

With its athletic build, low centre of gravity and excellent weight distribution, it was born to achieve extraordinary levels of performance.

Yet it still holds plenty in reserve for further improvement. It would be a shame not to exploit its full potential.

Performance

**Sport should always be high performance.
Take sportiness to the next level.**

[1] Sports exhaust system (not shown)

The Porsche sound can be further intensified at the push of a button, thanks to the sports exhaust system – featuring modified main silencers including a specially designed sports tailpipe.

Some models may require additional components. (Please see fitting and conversion instructions.)

[2] Sports tailpipe

Specially designed twin tailpipe in chrome-plated stainless steel. Gives a sporty look to the rear of your Boxster. Available in black or silver colour (not shown).

[3] Sports suspension (20 mm lower)

Equipped with the sports suspension, the body of your Boxster will sit 20 mm lower

on the road. In addition, the damper configuration is firmer and the spring rate is harder; while the anti-roll bars have been purposefully adapted. The results are clear: increased driving stability, enhanced performance and greater driving pleasure.

Not compatible with Porsche Active Suspension Management (PASM).

[4] Sports bucket seats

With folding backrest, integrated thorax airbag and manual fore/aft adjustment. The carbon-weave surface finish conceals a seat shell in glass and carbon-fibre reinforced plastic. Available in black leather with Porsche Crest embossed on the headrests.

[5] Pedals and footrest in aluminium

Pedals and footrest in solid aluminium – just like in motorsport. Sandblasted, anodised and nanocoated to enhance the extraordinary appearance of your Boxster – and provide particularly good levels of grip.

[6] Fuel filler cap in Aluminium Look

This elegant accessory is a stylish addition inspired by our racing heritage. Modelled on filler caps from historic race vehicles, it features an engraved 'PORSCHE' logo and securing tether.

2

3

4

5

6

It was your feelings from within that told you that this was the car for you.

Tradition and innovation, performance and practicality, style and functionality. The Boxster manages to reconcile all of these seemingly contradictory notions. It is a Porsche, after all. We do not focus solely on the exterior when we design our sports cars, so why should you?

Interior

Make the most of your highly developed senses.

[1] Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hard-wearing.

[2] Alcantara

Alcantara. This high-quality material is easy to care for, washable and has excellent non-slip properties.

[3] Mahogany¹

Mahogany is a dark, fine wood. Its fine grain gives it a very modern and elegant look.

[4] Brushed aluminium

Brushed aluminium sets clear accents and lends the interior a sporty minimalist appearance.

[5] Carbon

Carbon fibre is a light yet highly durable material used extensively in motorsport. Its look is the ideal complement to the car's race-bred engineering.

¹ Since wood is a natural product, there may be variations in form and grain.

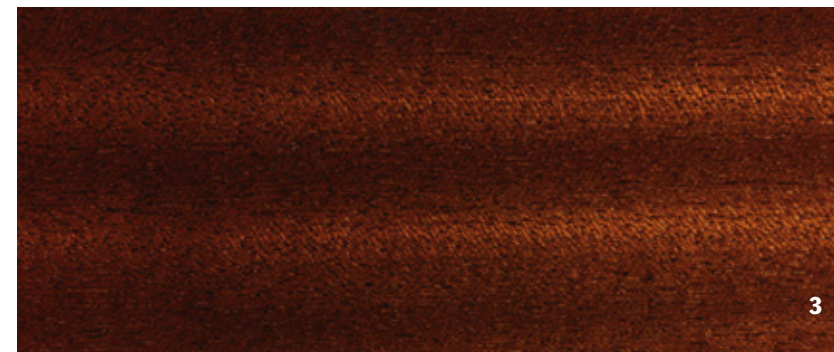

1, 5

1

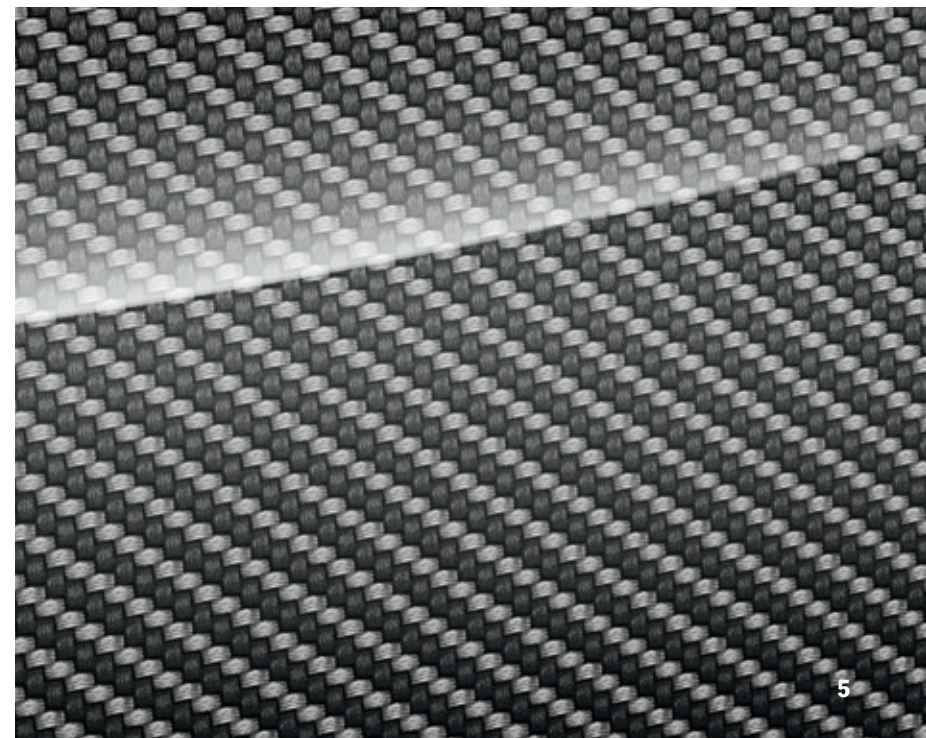

2

3

4

5

[1] Mahogany interior package

This package comprises inlays in mahogany on the gear lever or PDK¹ gear selector and decorative strips in mahogany on the dashboard.

[2] Heated multifunction steering wheel in mahogany

The grain on the mahogany multifunction steering wheel is as unique as a fingerprint. Thanks to the integrated buttons, you have control over a number of audio and, where applicable, navigation and telephone functions at your fingertips.

[3] Centre console trim in mahogany

Give your Boxster an added personal touch with the centre console trim in mahogany. Charismatic and unique, just like you.

[4] Carbon interior package

This package comprises inlays in carbon on the gear lever or PDK¹ gear selector and decorative strips in carbon on the dashboard.

[5] Heated multifunction steering wheel in carbon

The multifunction steering wheel in carbon brings you closer to the racetrack. Thanks to the integrated

buttons, you have control over a number of audio and, where applicable, navigation and telephone functions at your fingertips.

[6] Centre console trim in carbon

This trim is more than just a sporty detail, it adds a touch of motorsport.

¹ 7-speed Porsche Doppelkupplung (PDK).

[1] Brushed aluminium interior package

This package comprises inlays in brushed aluminium on the gear lever or PDK¹ gear selector and decorative strips in brushed aluminium on the dashboard.

[2] Centre console trim in brushed aluminium

Every detail should be exactly as you imagined. This trim in brushed aluminium enhances the sporty feel of the interior.

[3] PDK¹ gear selector in aluminium

Specially designed PDK¹ gear selector in aluminium. The PDK¹ gear selector inlays feature leather trim in the interior colour.

[4] PDK¹ gear selector in Alcantara, gear lever in Alcantara (not shown)

This gear lever or PDK¹ gear selector highlights the close association of Porsche with motorsport. Finished in black Alcantara.

[5] SportDesign steering wheel

This steering wheel in leather adds a distinctly sporty accent and is yours to personalise, thanks to our selection of leather colours. Two versions are available: one for the manual transmission

and one for PDK¹. The PDK version is equipped with gearshift paddles. The right-hand paddle shifts up, the left-hand paddle shifts down.

[6] SportDesign steering wheel in Alcantara

Alcantara makes the steering wheel particularly easy to grip, straightforward to maintain and robust – properties appreciated not only in motorsport.

¹ 7-speed Porsche Doppelkupplung (PDK).

**More than an accessory.
A little piece of Weissach.**

**[1] Storage compartment lid with
Porsche Crest**

The lid of the centre console storage compartment is finished in leather in the colour of the interior and embossed with a Porsche Crest.

**[2] Storage compartment lid in
Alcantara with 'PORSCHE' logo**

The lid of the centre console storage compartment is finished in Alcantara and features the 'PORSCHE' logo.

**[3] Storage compartment lid in
Alcantara with Porsche Crest**

The centre console storage compartment lid in Alcantara is emblazoned with the

Porsche Crest, adding a special mark of distinction.

[4] Floor mats with nubuck edging

Made-to-measure floor mats with nubuck edging and 'PORSCHE' logo, which have a waterproof underside and are non-slip. Secured by a special fastener system.

[5] All-weather floor mats

Two attractive tailored floor mats. Non-slip and waterproof.

[6] Key pouch in leather

In smooth-finish leather with decorative stitching and embossed Porsche Crest. Includes a tether for the vehicle key.

[7] Key pouch in Alcantara

Key pouch in black Alcantara combined with tether and side mouldings in black leather. Includes decorative stitching in a selection of colours as well as the Porsche Crest.

[8] Vehicle key painted

Thanks to these side mouldings with a paint finish, you can add a touch of the unconventional to your vehicle key. Set of two side mouldings.

Door sill guards

A real eye-catcher. Whether you choose door sill guards in carbon or stainless steel, they provide a stylish and dramatic

finishing touch. If you select illuminated door sill guards, the white illuminated model logo is a further highlight.

[1] Door sill guards in carbon¹

A sporty and striking effect created by carbon fibre – an extremely lightweight high-tech material. With model logo.

[2] Door sill guards in carbon, illuminated¹

Door sill guards in carbon with white illuminated model logo place equal emphasis on sportiness and extravagance.

[3] Door sill guards in stainless steel¹

A brilliant highlight that is revealed the moment you open the door. The door sill guards are in stainless steel with the model logo.

[4] Door sill guards in stainless steel, illuminated¹

Why not lead by shining example? These door sill guards with white illuminated model logo are the way to do it.

¹ Available with 'Boxster', 'Boxster S' or 'Boxster GTS' logo.

Passion for the sports car.
Communication technologies included.

The Boxster is the Porsche amongst roadsters. It symbolises independence and freedom, embodies tradition and innovation, combines style and functionality and unifies performance with everyday practicality. It's what you expect from any Porsche and that's why it inspires pure passion for the sports car.

You feel it in the interior, too. From the very first second. Everything is where you would expect it to be. That includes intelligent communication technologies, which are designed to guide this superb athlete to its destination as safely and as directly as possible. Hood up or hood down, a sporty drive is assured.

Audio and communication

[1] PCM with navigation module and CD/DVD autochanger

The central information and communication system with a high-resolution 7-inch WVGA TFT colour touchscreen display is easy to operate. The radio is equipped with an

RDS twin tuner. The six-disc CD/DVD autochanger plays CDs and audio DVDs and is also MP3-compatible. Audio playback of video DVDs is also supported. The GPS navigation system has a hard drive containing map data for most

European countries. Other features include dynamic route calculation, a 3D map display and automatic route recording.

Only for vehicles with Sound Package Plus, BOSE® Surround Sound System or Burmester® High-End Surround Sound System.

[2] Navigation update (not shown)
Map update (Model Year 2014) for your navigation system.

Please consult your Porsche Centre for information on the data version of your PCM.

[3] Electronic logbook¹
The optional electronic logbook enables automatic logging of mileage, route distance, date, time, starting location and destination for every journey. Once you have downloaded the logbooks from PCM

via Bluetooth® or the USB interface, the data can be evaluated on your home PC using the software supplied.

¹ Only in conjunction with PCM with the navigation module.

[1] Telephone module¹

The quadband GSM telephone module offers convenience and excellent reception. By inserting a SIM card directly into PCM's integral SIM card reader, calls can be made using either the hands-free

facility or the optionally available cordless handset. Alternatively, the Bluetooth® capability of a mobile phone can be used to make calls through the SIM Access Profile (SAP)² or Handsfree Profile (HFP)².

[2] Bluetooth® handset for telephone module³

Handset display and separate keypad for making telephone calls discreetly.

[3] Voice control system³ (not shown)

Almost all of the functions of PCM can be activated by voice control. The system recognises commands or figure sequences irrespective of the speaker. It gives audible feedback and guides you through

the functions. Without needing to 'train' the system, phonebook entries can be retrieved, a radio station selected and navigation destinations entered directly by speaking whole words rather than dictating just one letter at a time.

[4] Online services

With the online services option and the free-to-download Aha Radio app, you can access various online services including Internet radio and personalised online music streaming, news feeds, weather information and podcasts from PCM. PCM also gives you direct access to online Point of Interest searches (with the ability to select them as your navigation

destination), Facebook®, Google Local Search and much more.

The Aha Radio app is available free of charge from iTunes® and Google Play®. Compatible with iPhone® and Android® devices. For Android® devices, the optional mobile phone preparation or telephone module is additionally required.

¹ Only in conjunction with PCM with navigation module or CDR Plus.

² For information on compatible mobile phones, please visit www.porsche.com or contact your Porsche Centre.

³ Only in conjunction with PCM with navigation module.

1

2

4

[1] Mobile phone preparation

To enable a Bluetooth® connection for those mobile phones that only support the Handsfree Profile (HFP), a hands-free facility is available. With HFP, PCM acts merely as a hands-free system. It is possible to control basic functions of the mobile phone using PCM or the

optional multifunction steering wheel. The GSM connection is established through the aerial of the mobile phone.

Only in conjunction with PCM with navigation module.

For information on compatible mobile phones, please visit www.porsche.com or contact your Porsche Centre.

[2] Cruise control (not shown)

Periods of rest are particularly important for any athlete. Cruise control gives you the break you deserve. Not only can it be used to stay within the speed limit, it also helps you to save fuel by maintaining a constant speed. This automatic speed controller (for the speed range of 30 to

240 km/h) is operated by a switch on a separate control stalk on the steering column.

[3] Porsche Vehicle Tracking System (PVTS)

Enables remote location of a stolen vehicle within 27 European countries as well as Russia and South Africa. Remote locating is not continuous, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen

or tampered with, or after notification from the vehicle owner. PVTS has been thoroughly tested in all of these countries to ensure that the service fully meets strict Porsche requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with the optional factory-fitted preparation for Porsche Vehicle Tracking System (PVTS).

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

**You didn't make any compromises
when you chose your car.
So why start now?**

The Boxster is the sports car amongst roadsters and offers unadulterated driving pleasure. Thanks to the child seats from Porsche Tequipment, passengers under the age of 12 need never miss out.

After an exciting drive, your Porsche deserves a rest and some care and attention. Porsche Tequipment has everything you need to tend to your Boxster.

Transport and car care

‘Are we nearly there yet?’
A phrase you won't be hearing quite so often

Do you still remember the first time you sat inside a Boxster? Perhaps it was on the passenger seat, or maybe it was behind the steering wheel. The feeling was indescribable. The mid-mounted engine behind you, the open sky above you and sheer excitement in front of you. Fortunately, even the youngest Porsche enthusiasts can share your enjoyment, thanks to Porsche child seats.

[1] Porsche child seats
Porsche child seats meet strict safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers up to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean with a removable and washable cover in black and grey with a contrasting red trim. The Porsche child seats can be

1

fixed conveniently and safely on the passenger seat using a preparation kit or the three-point belt system. For increased safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

[2] Child seat preparation for passenger seat (not shown)
Includes ISOFIX mounting points between the backrest and squab on the passenger seat, as well as a key-operated deactivation system for the passenger airbag. The passenger airbag must be deactivated if carrying a child up to 27 kg.

Model:	Porsche Baby Seat¹
Group:	G 0+
Weight:	up to 13 kg
Age:	up to approx. 15 months

Model:	Porsche Junior Seat ISOFIX
Group:	G 1
Weight:	9 to 18 kg
Age:	approx. 9 months to 4 years

Model:	Porsche Junior Plus Seat²
Group:	G 2–G 3
Weight:	15 to 36 kg
Age:	approx. 4 to 12 years

The use of a child seat on the passenger seat is permitted only in conjunction with child seat preparation. Child seats are not compatible with Sports bucket seats.

¹ Separate Porsche Baby Seat Base ISOFIX option.
² Also available as Porsche Junior Plus Seat ISOFIT. ISOFIX/ISOFIT is a secure and user-friendly child seat mounting system that rigidly attaches the child seat to the vehicle.

**You should never have to do without.
Neither should your Porsche.**

There are many things that are difficult to live without. Your Boxster is one, and so are the accessories and car care products from Porsche Tequipment. All 100% Porsche for extra peace of mind.

[1] Indoor car cover

Tailored indoor cover made from breathable, antistatic and dirt-resistant fabric. With full-colour Porsche Crest and logo.

[2] Outdoor car cover

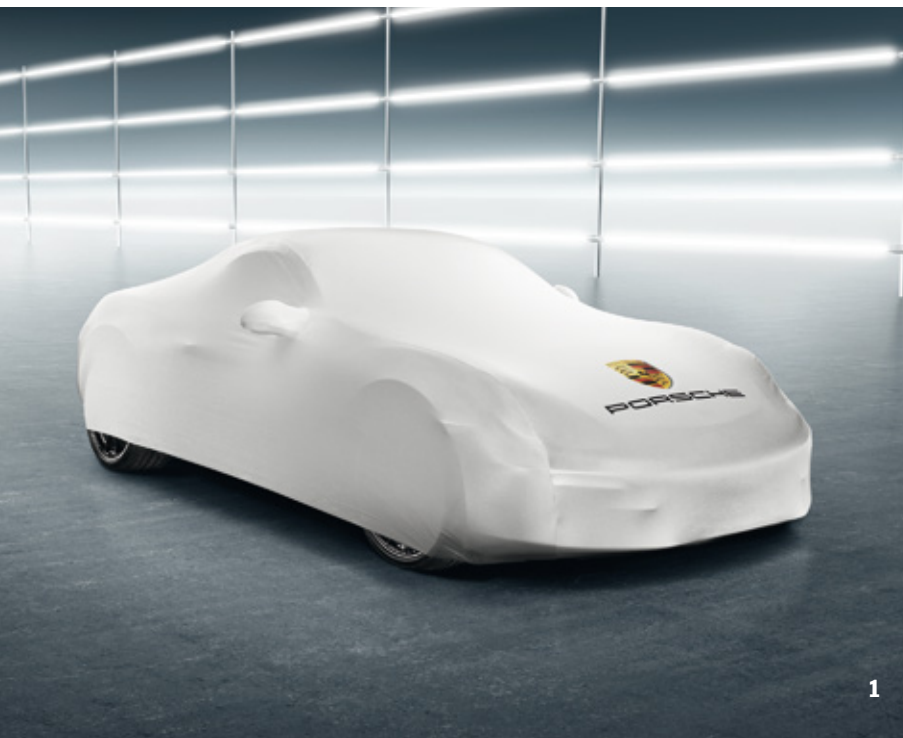

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent, it provides excellent protection

against a range of weather conditions including strong sunlight. With anti-theft protection.

[3] Cargo liners front and rear

These made-to-measure cargo liners in black plastic provide protection for the luggage compartment. They are also waterproof and washable, which makes

them ideal for carrying a variety of items, such as shopping or sports equipment, inside the vehicle. Both cargo liners carry a 'PORSCHE' logo and the rear liner features the Boxster silhouette.

1

2

3

3

[1] Car care kit (Cabriolet)

Range of optimally matched care products organised in a practical bag with a selection of accessories included. Contains the following high-quality interior and exterior care products specially approved

for your Porsche: car shampoo, wax, convertible top conditioner, glass cleaner, leather cleaner and conditioner, cloths, sponges and chamois leather.

[2] Wheel cleaning kit

Cleaning and care kit for alloy wheels. Kit comprises wheel cleaner (acid-free), 500-ml bottle with spray head, sponge and three-piece brush set for stubborn dirt.

The wheel cleaner is also available as a 1,000-ml refill bottle.

[3] Leather care set

Cleaning and conditioning set for the Porsche leather interior in a practical organiser bag. Contains leather cleaner (100 ml), leather conditioner (100 ml), sponges and cloths.

[4] Microfibre cleaning cloth

Pack of three microfibre cloths enabling the PCM touchscreen and other delicate interior surfaces to be cleaned safely and efficiently.

[5] Ice scraper

Practical accessory featuring aluminium telescopic handle enabling easy removal of ice and snow from your Porsche. Integral rubber lip for removing water.

[6] Porsche Charge-o-mat II

Battery charger with charge maintenance and monitoring function. An adapter is available for vehicles without a cigarette lighter.

[7] High-visibility jacket

This high-visibility jacket in luminous yellow with reflective stripes was made with your safety in mind. Thanks to its compact packaging, it is ideal for stowing in the glove compartment or other storage compartments inside the vehicle.

Panorama

Porsche Centres

Your Porsche Centre can assist you with every aspect of purchasing and owning your Porsche. You will also find a wide range of products and services, including genuine Porsche parts and top-quality accessories.

Porsche Exclusive

Realise your vision of the perfect Porsche with our factory customisation programme. From styling enhancements to performance upgrades, all modifications are uniquely handcrafted for your Porsche.

Porsche Tequipment

Personalise your Porsche at any time after purchase with our range of aftermarket accessories. You will also find all our available products online at www.porsche.com/tequipment using the Tequipment accessories finder.

Porsche Driver's Selection

With products ranging from fashion and accessories to tailored luggage, this unique collection combines quality and style with everyday practicality.
